# HOW TO INFLATE A BALL

STEP 01

Prior to inflation, gently expand the ball by pulling it outward from the center using both hands.

STEP 02

After unfolding, make sure the bladder is positioned freely at the center of the ball.

STEP 03

Before inserting the needle into the ball, lubricate the needle with a water-based lubricant.

STEP 04

Gently insert the needle slowly, being cautious not to apply pressure on the ball to avoid damaging the bladder.

**Warning!**

This step is a common cause of damaging bladders.

STEP 05

Inflate the ball to the recommended pressure, then verify the pressure using a pressure gauge.

A white and blue Lotto FB700 soccer ball is shown next to a black pump with the Lotto logo. The pump is positioned diagonally across the top right of the image.

## FIND YOUR PERFECT FIT

### APPAREL

#### 1. Bust/Chest:

- Stand up straight and wrap a measuring tape around the fullest part of your bust or chest.
- Ensure the tape is snug but not too tight and is parallel to the ground.

#### 2. Waist:

- Find your natural waistline, usually located just above the belly button.
- Wrap the tape around your waist without sucking in your stomach.
- Keep the tape snug but not too tight.

#### 3. Hips:

- Stand with your feet together and measure around the widest part of your hips and buttocks.
- Ensure the tape is level and parallel to the ground.

#### 4. Inseam (for pants):

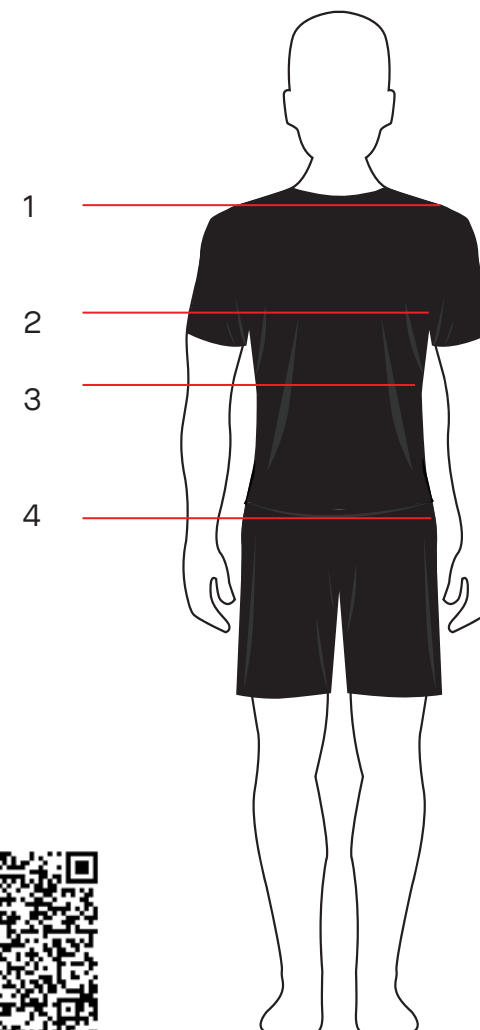

- Measure from the top of your inner thigh down to the bottom of your ankle or where you want the pants to end.
- Stand straight while measuring for accuracy.

#### 5. Shoulder Width:

- Measure from one shoulder bone to the other across your back.
- Keep the tape straight and level for an accurate measurement.

#### Pro Tips:

- Always measure on bare skin or wear fitted clothing for the most accurate results.
- Use a flexible, soft measuring tape for ease.
- Double-check measurements to avoid errors.
